Tony Campbell, Red Risk Managers  
PO Box 1967, Wellington

To Whom It May Concern.

It was quite a few years ago that I arranged with Alan Dunny Insurance Brokers to organise a comprehensive insurance package for my Real Estate business; this was to include "Key Man" cover.

When I sold the business in 2002 we reviewed the cover with Tony Campbell at Red Risk & adjusted the cover to better suit our current needs. Tony advised to cancel some cover but to retain the Trauma cover.

At annual review-time in July 2005 I mentioned to Tony that I was considering cancelling all the cover - also mentioned that I had been hospitalized in Sept/Oct 2004 for quadruple bypass surgery. Tony said "STOP - don't do anything... I'll check as I think you have cover & will be able to claim \$200,000 for the "event" you suffered.

The rest is history - on 7th September I received \$200,000 CASH & it's 100% thanks to Tony at Red Risk. Had I not followed his advice, then I certainly would not have received payment of this trauma claim.

Please use this as a reference - if anybody wishes to verify this event, do not hesitate to call me on 021-653129

Sincerely & a huge thank.

Miles Martin
